# WRECKAGE REVEALS NEW FLOOD HORRORS

## Comedy, Clowns And Comity

FUELED by a determination to "get someone," Lima's mayor has brought forth another angle of his fight against his assistants in the operation of the city government. He has enlarged his scope and has taken in, among the list of "undesirables" to himself one of his lieutenants, who has stood for sane government since the advent of the present administration.

Without a note of warning the mayor handed out for publication a list of charges, embodying an implied request for the resignation of the safety director hours before the letter was delivered to the director.

The city awoke Tuesday morning to be faced with the latest act in the comedy being enacted by the administration, long before the officials to whom it was directed received any intimation of it. Safety Director Fred Fisher and Chief of Police O. J. Roush received their copies of the mayor's latest indictments at 9 a. m. Tuesday, the postmark showing they had been mailed at 9 o'clock Monday night, altho a morning publication printed the list in full, having been supplied with a copy Monday night.

The mayor, in this instance, violated all rules of business ethics. His charges should have been in the hands of the officials before they were released for publication.

But this infraction of business dealing becomes insignificant when compared with the fiasco the city of Lima is forced to endure.

The administration has developed into a note-writing, sleuthing organization, obsessed with the idea that the exploitation of hobbies constitutes the business of a mayor's office while the things that really count are allowed to drag on without the attention they should have.

Starting on its career of puerile undertakings with a game of peanut politics, the administration has passed into a stage where only the terriblest of the sale of a bottle of illicit liquor and the shameful, degrading effect of bare knees get executive attention.

Lima is struggling with the matter of finances, but who has seen a solution offered from the mayor's office?

Public work aplenty is to be done, but who has not heard more about the ousting of a police chief for failure to wear a uniform than about a plan for the future of this great city?

Public questions in which every householder is vitally interested are hanging in the balance, but who has not heard more about some freak hobby than about their settlement?

The mayor went before the recent grand jury, but that body, vested with all authority to investigate crime and immorality in the county, ignored the matter submitted.

Following this turn-down at the hands of official probers, the mayor indicted a long list of charges, but did not attach names. He made demands upon his safety director and chief of police, but did not give them names of officers alleged to be offenders.

When Chief Roush asked the mayor Tuesday for the names of officers and witnesses in each instance, in order that he might take action against guilty men, if there are any, the mayor refused to supply them, saying he only wanted the department cleaned up.

The mayor is fast losing what support he had in his action thru his tactics. He is making a serious joke of the whole affair and men of the city who think, are disgusted, as well they might be.

It was the hope of the community, when the mayor was elevated to the high office of trust which he holds, that he would lay aside his comedy clown role in which he had gained more or less notoriety.

## BLIND MAN JESTS OF FLOOD PERIL

Tells of Experience When Pueblo Home Crashed.

WASN'T HIS "CASH-IN TURN"

"We'd Better Beat It," He Told His Landlady

(BY SAM L. FREED)

PUEBLO, Colo. — (By United Press) — Blind Harry Wade, on a cot in the emergency hospital at the court house here today, jested about his narrow escape from drowning in the flood.

"I've been thru the Frisco earthquake, had both my eyes put out in a mine explosion seven years ago and got a game leg," said Harry, a young, spirited, grizzled giant of 55 years. His face was leather skinned from the world's hard knocks in a varied career of miner, farmer and globe trotter.

"I lived at 328 North Union-ave," continued Harry. "Doris Deader kept the rooming house there. She was saved, I hear, but how, gets me. She screamed something frightful when the house caved in on us."

Harry has not been told that the body of his landlady lies in a local morgue.

**STORY OF CRASH**

"I'm bruised black and blue, and skinned on my arms and legs, where planks and other things hit me," said Harry. "But I guess it simply wasn't my turn to cash in."

"I'd heard that the river was rising, but didn't think our place was in danger until the Paris restaurant block next door started to cave in. I went into Doris' room and told her we'd better beat it. The rear porch had gone down when the Paris collapsed."

"Just then, the whole building seemed to fall on us. We were on the second floor."

"We're gone," I yelled to Doris. "I was caught under a mass of stuff. I felt around and recognized pieces of the roof, a stove, the ceiling and wall partition."

"The water was flushing around me. I was down on the street level under the wreckage. I could move a little, the timbers apparently protected me from the stuff piled up. I felt around my head, thinking, 'old timer, you'll be lucky to get out of this.'"

**IN 3 FEET OF WATER**

"I couldn't get far from where my head lay. I next fell to one side of the stove. There was an opening and I crawled along. The water occasionally lapped against me. I climbed down over the wreckage until I struck the full force of the flood on the street."

"I never called for help. It didn't occur to me just then, I was so busy thinking what a fix I was in. I was standing in three feet of water and was getting hit every second by something."

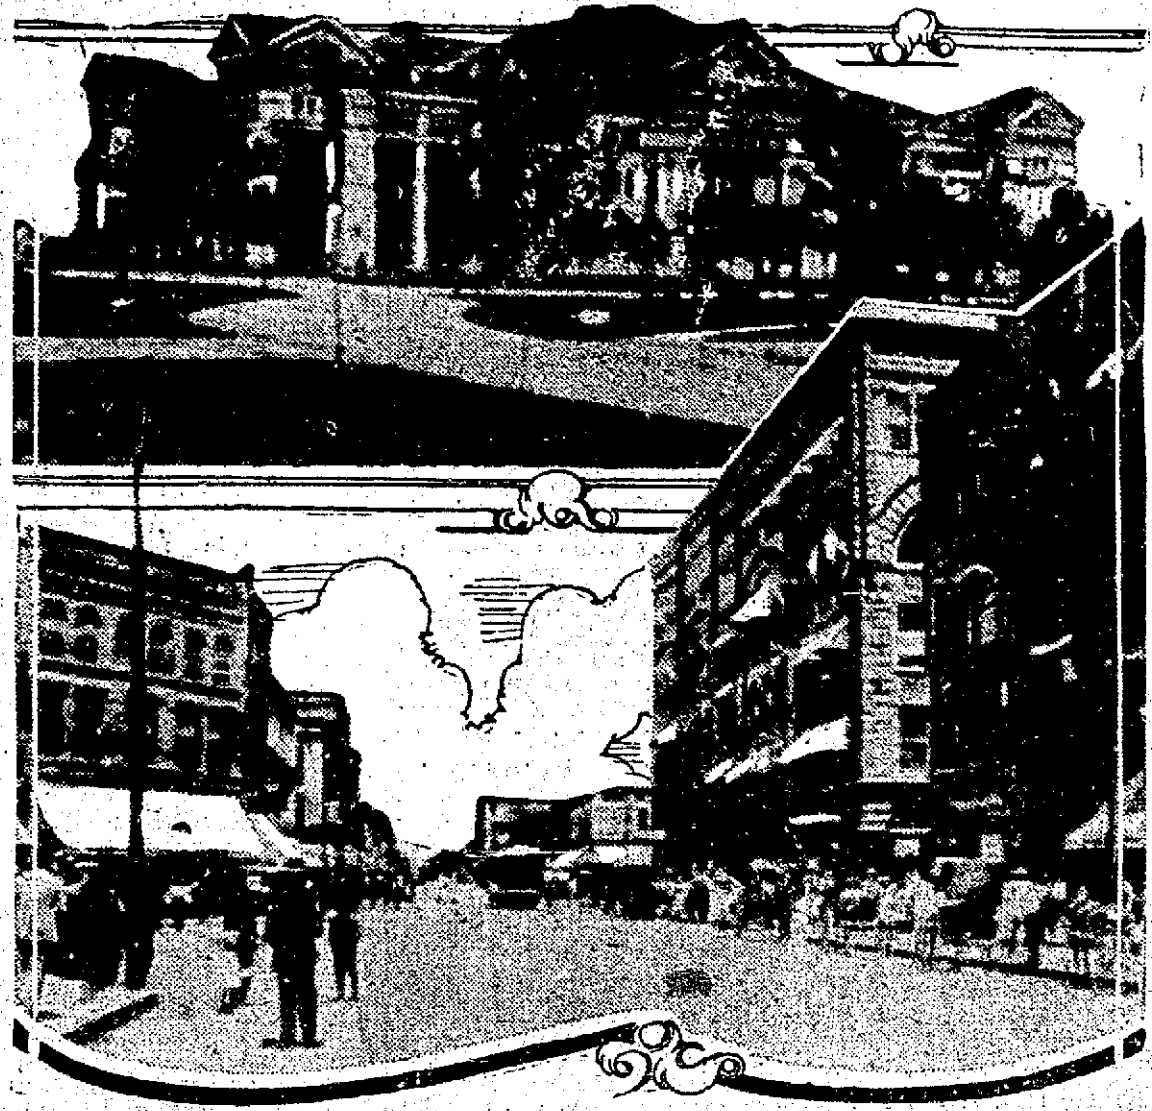

"I kept going up town. I know the district perfectly. A block down I heard some men yelling at me to come toward them. I had been knocked down a dozen times. When I heard them yelling, I began to think of getting help."

"When bowled over another time, I was almost too weak to get up. I rolled over and over with the flood, getting half way up and then going down again."

"I couldn't make it to the corner where stood several men whose voices I recognized."

"One of the boys, a tall man—I don't know his name—waded in and grabbed me. And here I am. I'm glad Doris is saved."

## NINE IN FAMILY OF 10 DEAD

More Bodies Recovered in Search of Pueblo Ruins

RELIEF WORK IS RUSHED

Refugee Camp and Field Hospital to be Established

PUEBLO, Colo. — (By Associated Press) — With plans laid for a complete census of destitute families in the flood district, for the establishment of a refugee camp, and for the installation of a complete field hospital, the equipment for which was expected to arrive at any hour, systematization and centralization of relief work in this district began in earnest today.

These various projects were definitely mapped out at a reorganization meeting of the Red Cross last night at which the heads of the various departments and a number of out-of-town Red Cross workers were present.

According to Dr. J. F. Pierce, local medical director of the Red Cross, the field hospital will be able to accommodate 250 patients. The "tent colony" will handle homeless flood sufferers in a scientific and sanitary manner, Dr. Pierce said.

The relief workers will search out families in need of help, so that every one in actual want will be succored and duplications will be avoided.

**LIST OF DEAD COMPILED**

This morning a list of known dead was compiled. It contained fifty-two names. This may be increased shortly in view of the thorough searches for the dead now being made.

Four bodies were recovered and a total of 22 declared known to be dead in the towns of Avondale, Vineland and Boone, and the district between Pueblo and Boone, 20 miles down the river, according to a report received today from Ranger E. L. Trounstein. He reported nine of a family of ten perished at Avondale.

A fifteen-year-old boy was the only survivor. He got to the roof of the house and was rescued after floating several miles with the current.

Fifty-five persons have been rescued from the Denver and Rio Grande railroad train which turned over in the railroad yards at Pueblo Saturday morning, according to a statement issued by A. R. Baldwin, receiver of the road. Thirteen persons are still unaccounted for.

**AIRPLANES AID**

Three United States army airplanes are here from Fort Sill, Oklahoma, and will be used for scouting purposes, it was announced today by Major F. Bradley of the air service, in charge of the expedition.

Numerous false reports of dams breaking and approaching flood waters have kept the nerves of the city on edge since Friday night and the planes will also be used to investigate reports. It was stated at the military headquarters by Colonel Patrick J. Hamrock.

**CONDITIONS IMPROVE**

Conditions in Pueblo proper were vastly improved today. During the night electric light service was restored. Most of the residential districts and the business section now have city water.

While epidemics of disease seem less likely to break out, the United States public health service relaxed none of its vigilance. A score of health service officers and nurses directed the sanitary survey of the city.

The clean-up drive in the flood area was renewed with greater vigor today. Under a warm, clear sky, the mud was rapidly drying and made the work easier.

City officials anxiously awaited word from their appeals to Washington for federal aid of \$5,000,000 to \$20,000,000 for relief and highway and levee repairs in the river valley.

**FLOOD IN KANSAS**

**DODGE CITY, Kas.** — (By United Press) — The flooded Arkansas river surged into the lowlands of this city early today. The rise in the river was 4-1/2 feet. Less than 10 feet rise will not cause extensive damage, according to engineers.

Reports here early today stated the flood damage between this city and the Colorado state line was very slight, being confined to a few wrecked buildings and drowned live stock.

**COUNTY'S CREDIT NO GOOD.**

**KANSAS CITY, Mo.** — Jackson County's credit is poor, according to statistics furnished by several of this city's leading furniture stores.

Judge George E. Kimball, of the County Court, ordered the purchase of a stove for a road gang. Two county agents sauntered forth to buy one.

"We found one stove that suited us at an auction company and another at a furniture store," the two agents told Judge Kimball. "The purchases were arranged and then when the deal was about to be closed we were informed the county's credit was no good—that we must pay cash."

The county purchasing agents are presumably still looking for a citizen who will give them a \$25 stove on credit.

## FIRE TAKES TOLL OF \$3,000,000

Pittsburgh Plant Burned—1,500 Men Thrown Out of Work

PITTSBURGH. — (By Associated Press) — Loss by fire which partially destroyed the plant of the McKeesport Tin Plate Company at McKeesport, a suburb, late last night, was estimated at nearly \$3,000,000, by officials of the company today.

The fire starting in the box factory of the Nuffer Cedar Company, spread to the machine shop and tin house of the plant and was not brought under control until an early hour this morning. The plant is one of the largest in the world, having 14 mills, and employing normally 6,000 men. Approximately 1,500 men will be thrown out of work temporarily as a result of the fire, officials said.

Damage sustained by the Nuffer company will amount to \$200,000, it was said.

## PROSECUTION OF RIOT LEADERS IS STARTED

TULSA, Okla. — The first step toward prosecution of alleged leaders of the race riots and subsequent burning of the negro district here last week with a cost of 32 lives was taken today with the filing of charges against K. B. Stratford, negro and former hotel proprietor, and three other negroes, none of whom is in custody. They are charged with rioting.

Extradition papers for Stratford, who is in Independence, Kansas, were forwarded by the county attorney to Governor Robertson, who was asked to make a requisition on the governor of Kansas for the return of the negro. Stratford has refused to return to Tulsa.

Instructions for the grand jury called to convene Wednesday were being prepared today by District Judge Biddison. The state investigation was expected to get under way tomorrow under the direction of S. P. Greeling, attorney general.

## 3 OHIOANS TAKE OWN LIVES

One Hangs Himself, Two Use Poison

TOLEDO. — (By Associated Press) — Another suicide by hanging was reported from Toledo state hospital last night.

Coroner Henzler investigating found that Charles B. Reese, 42, of Fremont, had used a sheet as a rope and hanged himself from a window of one of the wards.

Reese was at one time a prominent cattle dealer in Fremont. He leaves a widow and several children.

This is the third suicide at the state hospital in the last few days.

**TWO KILL SELVES**

**YOUNGSTOWN.** — Two suicides were reported to police here today. Frank M. Bush took poison because of domestic troubles, and Charles D. Palmer, living in another part of the city, used the same method to end his life because of ill health, according to police information.

**WILL ACT ON BOND ISSUE**

**YOUNGSTOWN.** — City council on Wednesday will act on a proposed five million dollar bond issue with which to start work on the city's share of the Erie Grade and Station Terminal project. It is pointed out that this improvement would provide work for many of the 20,000 unemployed.

## SILESIAN CITY IS TAKEN BY BRITISH

Poles Flee As Royal Irish Infantry Arrives

OPPEL, Silesia. — (By Associated Press) — Detachments of the Royal Irish Infantry, the first British troops to cross the lines established by Polish insurgents in Upper Silesia, detrained at Gleiwitz yesterday. They assumed control of the city, and will be in charge of the garrisoning and policing of the place in future.

As the troops, consisting of one battalion, with full field equipment, entered Gleiwitz, northwest of Gleiwitz, they encountered the first Polish outposts. Machine guns had been trained on the station by the Poles, but when the British appeared the Poles withdrew and were not seen again.

**GERMANS DEFIANT**

While these troops were on their way to the storm center of Upper Silesia, General Von Hofer, commander of German defense organizations, bluntly declined to comply with the French ultimatum to withdraw his forces from the front between Krapitz and Kosel, where the Poles have been driven back for several miles. He promised, however, to prevent a further advance by the Poles.

It has been learned by allied officials here that from 3,000 to 4,000 Germans who were liberated in the territory taken over by the defense organizations, volunteered to serve with the Germans, and that each man produced a weapon with which to fight against the Poles.

**BRITISH GARRISON**

It is learned from British sources that the probable plan for the pacification of Upper Silesia will be to garrison all the large industrial towns in the plebiscite area with British troops. It is said that sufficient forces will be formed of "citizens of known good character." The British, it is understood, will gradually relinquish the policing of the district to this organization.

The British troops will probably extend their authority northward thru the occupied area, disarming the Poles as they proceed.

## STREET CAR UNION VOTING ON WAGES

TOLEDO. — Voting began early this morning in the referendum election being held by members of the Toledo street car men's union on the acceptance or rejection of the wage scale and contract with the Community Traction Company for 1921. The polls opened at 4 a. m. and will close at 5 p. m. The new contract calls for an hourly wage of 45, 47 and 50 cents, while the old scale was 54, 56 and 60 cents per hour. The question of continuing vacations for the men with pay is not being voted on, but officials of the union say the effort against giving up the vacation will be continued.

## FAVORS HARDING HIGHWAY

State Highway Head Gives Lincoln Route Go-By

Who does he mean? That's what C. C. members want to know. Climaxing a story to the effect that the Harding Highway thru Lima will be built before one cent is spent on the Lincoln Highway in Ohio, a scribe in a Bucyrus newspaper Saturday said: "Poles rush in where angels fear to tread."

The Bucyrus paper acknowledges that the Harding Highway association of which J. C. Hartline and J. Kennard Johnson are the two Allen county representatives, have put one over on the Lincoln Highway association.

A delegation went down from Upper Sandusky to Columbus the other day to talk with State Highway Commissioner Herrick. Quoting the Bucyrus writer, this is exactly what Herrick said:

"Gentlemen, it is no use taking time discussing this proposition. I am sorry to disappoint you, but it is the aim of my administration to get some completed roads east and west and north and south thru this state. I have gone over the situation with the utmost care. It would be foolish to attempt to complete immediately two parallel roads thru the state, and I have decided that all the available funds that I can secure for the east and west road thru the central part of northern Ohio will be used for the completion of what is known as the Harding highway. Your Lincoln highway is an important road, but it would not be just to the balance of the state where thru roads are being built, to attempt to build two that practically parallel each other, and the Harding highway will be taken up first; after that is completed the Lincoln Highway will be taken up."

**CARMEN WILL FIGHT PROPOSED WAGE CUT**

**DAYTON.** — Following an announcement that the Dayton street car companies will reduce wages next month, the organized platform men are holding sessions designed to combat any cut. The city government has entered into the matter by stating that if wages are reduced the fares should go back to five cents.

The carmen have not as yet been consulted by the companies and feel that there is lack of cooperation.

Conferences will be held this afternoon, at which some decision will probably be reached with indications pointing to a three-cornered fight on two subjects, wages and fares.

## GIRLS, ON TRIAL, CHEW GUM, FLIRT

Accused in Toledo Robbery Enjoying Court Experiences

TOLEDO. — (By Associated Press) — With eleven men in the jury box in federal court when the trial of the 12 suspects in the Toledo \$1,000,000 postoffice robbery was resumed this morning, hearing of testimony against the five women and 13 men is expected to be begun before nightfall.

The suspects, under heavy guard, sat closely huddled together in a row of chairs on one side of the court room and made cynical comments on the trial. The girls, Wanda Urbaylis, Pearl Sommers, Helen Furrier, Emma Marvin and Stella Kaeser, chewed gum, persistently flirted with friends in the spectators' gallery. The men sat with a carefully assumed air of composure as the monotonous examination of prospective jurors was continued.

Judge Killits, on request of Attorney Harpold Frazer for the defense, ruled that the defense may have 20 peremptory challenges and the government 12. Under the usual procedure the defense has but ten and the government six.

Attorneys predicted this morning that the trial will be in progress at least two weeks and perhaps three.

A large crowd again congregated this morning to see the prisoners led in from a special bus, engaged, to transport them from the jail to the trial room.

## COALITION TICKET VICTORIOUS

Mayor Thompson's Organization Meets Defeat in Election

CHICAGO. — (By United Press) — The political organization of Mayor William Hale Thompson was defeated at Monday's election when coalition ticket was victorious. The coalition ticket, opposed to that backed by the Thompson organization, was victorious.

Eleven Democrats and 10 Republicans were the successful candidates running on the Democratic column. The city hall candidates were ticketed on the "Republican" ballot.

This was the first serious defeat the Thompson organization has met at the polls since it was swept into power.

The pre-election campaign was very bitter, a strong fight being made by Thompson's opposition "to prevent a political machine from obtaining control of the judiciary."

The voters approved a proposition for the city to furnish free text books to public schools.

**AIRPLANE STOLEN**

**DAYTON.** — Some one stole an airplane at Terre Haute, Ind., yesterday, according to a message the police received this morning, asking them to be on the lookout for it and promising a reward of \$200 if found. This machine has "Logan" painted on one side and "Hands Off" on the other.

**PENSION GRANTED**

**WAPAKONETA.** — William Dickas, printer here, a veteran of the Spanish-American war, has been granted a pension of \$12 a month.

# GOOD ROADS MEN MEAN BUSINESS

New County Body Plans to Meet  
Once Each Month

## AIDES NAMED BY HARTLINE

Rudisill Tells What County Has  
Lost by Procrastination

Unanimously voting to meet every month in the year at 1 o'clock on the third Monday afternoon of each month, the new Allen-co Good Roads council, organized by the Lima Chamber of Commerce, started Monday to show that it means real business. Tuesday morning, Chairman Joe C. Hartline named three committees that Monday's meeting authorized. They are as follows:

State Aid Highway Program: Frank A. Thomas, D. Yoakum, William Neely, J. W. Thompson, L. C. Landick and Charles Ash. County Highway System: Clarence Breder, Frank Colucci, W. W. Craig, T. M. Berry, Clarence L. Mumaugh and W. J. Calum.

Resolutions: C. A. Arganbright, A. J. Gray, Howard Dean, C. C. Reed and J. A. Wolforth.

Proof of interest in the new council was the attendance. Bath and Jackson-tips were the only ones whose board of trustees chairman were not attending. Business also kept away three Lima men, two of whom were out of the city, but aside from the ranks of the 35 representatives was complete.

Bluffton was the only town asked for a delegate that failed to respond. T. M. Berry was there from the Spencerville Progressive association. The Delphos Community club is being represented by L. C. Landick. The Pomona Grange has selected J. A. Wolforth as its delegate.

In two weeks the first of the regularly authorized monthly sessions will be held in the Chamber of Commerce auditorium and first reports may be heard from the new committees. One of the early meetings of the council will be devoted to a study of county and township finances as related to roads, so that all action of the council will be based upon actual figures and facts.

**ALLEN-CO FAILED**  
Failure to take full advantage of the state aid laws has cost Allen-co more than \$100,000 of the money paid to the state by its citizens in the past six years. State Director Rudisill of the Ohio Good Roads Federation told members of the Allen-co Good Roads council Monday.

Out of \$224,000 paid in under levies from 1914 to 1920, the council had returned but \$113,600 for inter-county highways.

Considerable less money has been returned to the county from automobile license than has been paid in, it was stated.

Recent laws enacted by the state assembly, Mr. Rudisill, stated have cleared the way for highway construction, by allowing counties and townships to exceed their 15 mill levy on state and roads. This will enable many of them to raise their proportionate share, that were hitherto unable to do so.

Mapping out of a five year program for state and county roads was strongly urged by the speaker.

"With a definite program," Rudisill declared, "you will build more roads in the next five years, than in any 20 years in the past."

**PLANS ARE FORMED**  
One of the first acts of the council will be to map out a program and determine which are to be classed as county roads, and which township of the 550 miles of roads in the county. When a program for county roads is completed it will be submitted to the county commissioners for adoption.

In this manner the way will be cleared for the county surveyor to carry out the program. Another meeting will be devoted to consideration of finances. The program to be adopted will be trimmed to come within financial limits of the county for the next five years.

A considerable portion of the future activities of the council will be to unite all elements in the county upon a state aid program and securing of Federal funds.

# 100 SEIN FEINERS CAPTURED

Three Irish Soldiers Killed in  
Battle

CORK, Ireland.—(By Associated Press)—Crown forces captured more than 100 members of the Irish Republican army in Mill-st last night in a battle in which three sein feinners were killed and 12 wounded. The casualties to the crown forces, it is stated, were slight.

**THREE EXECUTED**  
DUBLIN.—(By Associated Press)—Three men convicted of participating in recent disorders in Ireland, were executed here this morning. Edward Foley and Patrick Maher went to their doom for the murder of a Royal Irish constabulary sergeant at Knocklong, while Constable William Mitchell was executed for the murder of Magistrate Dixon of Dunlavin, county Wexford.

For the first time since executions began at Mount Joy prison last year the public was excluded from the inner square at the front entrance this morning while the executions were being carried out. Crowds assembled in the outer part of the jail grounds in the early hours, however, and sang hymns and recited prayers for Foley and Maher.

At 8:15 o'clock a warden placed a notice on the gate that Foley and Maher and Constable Mitchell had been executed.

**PARLIAMENT OPENS**  
BELFAST, Ireland.—(By Associated Press)—The parliament of Northern Ireland, elected last month under the new home rule measure, was opened this morning amid impressive scenes in the council chamber of the city hall here.

# Interviews--- Ideas and Fancies

JUDGE WILLIAM KLINGER:

"The family is the greatest institutional contribution of the centuries. Large corporations and even governments can come and go, yet civilization will move forward as usual. Destruction of the home and family would mean, however, the loss of all that has been gained to date. It is for this reason that the problems confronting the family today are of such importance. One thing that does much to break up the home is the lack of right training for the girls. Most girls are taught to be entertainers and not home makers. They are taught to be extravagant and a man of moderate means cannot provide the funds for them to spend. The double standard demanded by the men is also a cause of trouble. While on the common pleas bench I divorced around 2,000 couples and in most cases did the best thing. A happy family is never seen in the divorce courts."

FRANK FROST, 1026 W. Spring-st. "It is right that the pay of policemen and firemen be permitted to remain as it is. It may seem to some that these men do not do any really hard work, but they are always ready to respond to an emergency call that may mean the loss of their lives. Also, high enough salary must be paid to attract the very best men for the jobs and to enable them to live respectably. The fact that there are general wage reductions in other lines does not mean that their pay should be cut. The work that these men do is different and deserves special consideration. I am in favor of leaving their salaries where they are."

GEORGE PALMER, milk producer: "Lima is a great consumer of milk. No matter how much is brought into the city, there are always plenty of places where it may be sold. It is surprising just how many farmers own milk cows and are either bringing or sending the milk into the city. Milk purchasers here are also greatly interested in quality. Price, of course, is a consideration, but what is desired, even more, is high quality milk. The farming section around Lima is the best in the state and there should never be any lack of good fresh milk of a high quality. Many high grade herds have been established and more are being built up all the time."

J. J. MEURER, 1115 N. Main-st. "Garbage and garbage questions don't bother us very much. One reason is that we don't have a garbage collector, and the other is that either we or our neighbors always have a flock of chickens which are anxious to eat all we have to give them. This disposes of the garbage while it is fresh and in good condition. As to how the city as a whole should take care of the waste products I am not prepared to say. It should be done in a sanitary manner, however. There may be a lot of good in the plan to make fuel of it. That will be a good thing to look into and give careful consideration."

# THEORIES PROBED IN KABER MURDER

Officials Believe Cleveland Victim of Hired Assassin

CLEVELAND.—(By United Press)—The homes of two women were ordered searched today for the silverware Mrs. Mary Brickel, mother of Mrs. Eva Catherine Kaber, charges her daughter had removed from her home to create the impression her husband was murdered by burglars.

"I found the articles which will be used against Mrs. Kaber at her trial," County Prosecutor Stanton said.

Mrs. Brickel charges in a signed confession that her daughter planned the murder of her husband, Daniel Kaber, wealthy Lakewood, Ohio, publisher. Kaber was dragged from his bed where he lay paralyzed with neuritis and stabbed to death. He died July 18, 1919.

Mrs. Brickel says in her confession that she and her grand-daughter, Miss Marian McArdle, aided in disarranging the house and removing the silverware to lend appearance of a burglary.

**GIRL CONFESSES**  
Grandmother, mother and daughter are now under indictment charged with the murder. Mrs. Kaber, now under arrest in New York, is charged with administering arsenic to Kaber while he lay ill in bed.

Miss McArdle, arrested in New York yesterday is said to have confessed to New York detectives that she tried open the buffet in the Kaber home prior to the murder and to have said that her mother removed the silverware from the buffet.

Mrs. Kaber and her daughter will be returned to Cleveland tomorrow. Mrs. Brickel in her confession, says that her daughter, Mrs. Kaber, told her "she was going to have Dan killed."

Police are working on the theory that a hired assassin stabbed Kaber to death. Acting on the theory, police are trying to find a woman who is believed to have furnished the hired assassin. One woman has already been grilled in this connection.

**THEORIES PROBED**  
Investigations by police and agents of the prosecutor's office were centered in uncovering the motive for the murder.

Some of the theories being investigated are that Kaber was killed for his money; because he stood in the path of the ambitions of several of the principals; because of the love of one of the principals for another; because he was ill; for revenge; because of some hidden secret in his life.

The story of how the Kaber murder, one of the most mysterious and gruesome tragedies to occur here, is known at this climax, after remaining unsolved for two years, is the story of the relentless pursuit of the evil doers by Moses Kaber, elderly father of Dan Kaber.

# PLAINTIFF WINS IN LEGAL TILT

Court Decides Point of Law in  
Maude Michael Suit

## FIGHT FOR WOOLEY ESTATE

Case Resumed Tuesday After a  
Temporary Halt

Clothing and jewels owned by Mrs. Joseph Wooley in her life-time was given to Miss Maude Michael by Mrs. Wooley's husband, according to testimony introduced in the hearing of the case of Miss Michael against R. E. Davis, administrator of the estate of Wooley, in court Tuesday.

Miss Michael is seeking to obtain possession of the \$75,000 estate left by Wooley at his death. She served as his housekeeper for two years after the death of Wooley's wife.

Miss Michael's mother testified to clothing and jewelry given her daughter, which, she said, consisted of a diamond ring, diamond lavelier and a cloth coat, a serge dress, a gingham dress and aprons worn by Mrs. Wooley.

**PARENTS TESTIFY**  
Both Mrs. Michael and her husband, James F. Michael, told of being present at the time their daughter was urged by Wooley to become his housekeeper. "He told Maude, Miss Michael's father testified, "he would do well by her, better than she was receiving in the store where she was employed. He also told Maude that he would make a will, devising all his property to her."

"The Tuesday night before she went to take up her duties at the Wooley home, Joseph Wooley told Maude he would decide not to come. She was to give him her decision on Wednesday, July 31, 1918," he said.

Michael told of the friendship between the two families in Van Wert, before both moved to Lima more than 20 years ago. Both he and Mrs. Michael declared they gave consent for their daughter Maude to become Wooley's housekeeper, he said.

Remodelling of the Wooley home at 819 W. Market-st. was also planned. It was shown in the testimony. This was done, according to witnesses, Wooley had said, so that in case death should come to him, Miss Michael would still have company in the same house. He was planning a duplex and to lease the upstairs, witnesses said.

**POINT OF LAW DECIDED**  
Legal counsel for the defendant set up contention late Monday questioning legality of transfer of property without a written contract.

At the beginning of court Judge Booke overruled the legal point and ordered that the trial should proceed. It will probably require the greater part of the week to hear the case, which is being held in the court room on the third floor.

# RATE CASE SENT BACK TO BOARD

Supreme Court Passes on Question of Gas Charges

COLUMBUS.—(By Associated Press)—Affirming its former decision, that utilities may not collect a "readiness-to-serve" charge as such from their patrons, the state supreme court today sent the case of the Ashabula Gas company against the public utilities commission, involving the question of rates, back to the commission for further order.

While the "readiness-to-serve" charge may not be collected as such, there is nothing to prevent the commission from including in the regular service rates an additional rate to equal that intended to be given the company thru the "readiness-to-serve" charge. Today's decision of the court, it is understood, will permit the commission to increase the rate formerly fixed by the commission enough to absorb the "readiness-to-serve" rate of 25 cents which the commission formerly had allowed as a separate charge. If the commission sees fit to do so.

The commission's rate, which the company objected to in an appeal to the supreme court was 36 cents per thousand feet with two cents off it bills paid before the tenth of the month, and a "readiness-to-serve" charge of 25 cents per month.

The city by ordinance had fixed a rate of 33 cents per thousand with three cents discount. The company wanted 39 cents with three cents discount.

Today's decision was given on a rehearing of the case, the court's former order having been made in March 1920.

# CHIEFS RESIGN AT ZIONIST MEET

Judge Maok, President of American Organization, Quits

## 42 MEMBERS LEAVE HALL

Prominent Men Relinquish Offices  
At Cleveland Convention

CLEVELAND.—(By Associated Press)—Reputation of the administration of the officers of the American Zionist organization by the 24th annual convention early today resulted in the resignation of Judge Julian W. Mack of Chicago, president and six other officers of the organization and 35 of the 50 members and the secretary of the national executive committee. Peter J. Schweitzer, treasurer of the organization, was the only incumbent to retain his position.

The resignations were announced from the floor by Judge Mack after the convention had voted 153 to 71 to disapprove the president's annual report of his stewardship. Besides Judge Mack, American Zionist organization officials who relinquished their offices are:

Justice Louis D. Brandeis, of Washington, honorary president; Rabbi Stephen S. Wise, of New York, honorary vice president; Harry Friedland of Baltimore and Nathan Straus, New York, vice presidents; Jacob DeHaas, secretary of the Palestine department and Reuben Horchow, assistant treasurer and acting secretary of the organization. Horchow is secretary and all except Justice Brandeis are members of the executive committee.

Among executive committee members who resigned are: Maurice L. Averb, Pittsburgh; Sol S. Rosenbloom, Pittsburgh; Abba H. Silver, Cleveland and David W. Silmons, Detroit.

In contrast to the many demonstrations which have taken place repeatedly since the opening of the convention Sunday afternoon during many heated arguments, there was extreme quiet when the vote was announced. This was in accord with a request by Judge Henry J. Dannenbaum of Houston, Texas, chairman of the convention, that there be no demonstration in view of the subject of the vote.

# CHICAGO MAN GIVES ADVICE TO KIWANIS

That every man should take stock of his assets and liabilities and strike a balance was the assertion made by Thomas F. Henderson, Chicago, addressing the Kiwanis Club, Tuesday noon.

If a man's good qualities or assets outnumber his bad points, he should go about cultivating them, and putting them to work, Henderson said.

Mr. Henderson is connected with speakers' bureau of LaSalle Extension university Chicago, an institution that has enabled many men and women to better their conditions through study.

Opportunities do not happen to a man, he said; they are made by him. Each individual is the creator of the circumstances surrounding him; not the victim of them.

More than 140 members of the club and guests were present at the luncheon, held in the Elks Club. This is the largest attendance in some weeks.

# WIVES DESERTED

Two Seek Separation From  
Recreant Spouses

Two more actions for divorce have been cast into the hopper in Allen-co.

Mrs. Nora B. Williams is seeking a decree from her husband, Edward, on the grounds of desertion. He left in March of this year, she says, and she has not heard from him since. She charges he admitted an association with other women. She asks his dower be barred in real estate they own in Lima and in Carthage.

The couple were married in Lima on December 24, 1916, and have no children.

Mrs. Vergie Hutchinson, mother of three young children, is seeking divorce from Franklin W. Hutchinson, whose whereabouts she declares are unknown to her. While she and her children suffered for lack of fuel, Hutchinson spent his money for other purposes, the petition says.

Mrs. Hutchinson asks custody of the children, whom her husband placed in the Children's Home, she says. They have not lived together since in April, 1919.

The couple were married in Adams on March 17, 1912.

# NAMES ARE HELD UP BY MAYOR

Refuses Information in Fight on  
Police Department

Chief of Police Roush and Safety Director Fisher Tuesday were refused names of officers of the police department in connection with the latest charges filed by the mayor in his war on the department.

The three were in conference Tuesday, at the request of the mayor, concerning the long list of alleged offenses committed by police officers. Roush requested the names in order that he could take action. He said he was told merely that the chief executive of the city wanted the department cleaned up and that the names were refused.

The new list of charges reached Roush and Fisher at 9 o'clock Tuesday morning. The session in the mayor's office was a stormy one, but little was accomplished, according to those present.

The mayor is understood to have demanded that the chief or some member of the police department file charges against former Police Sergeants Gochel and Eberle for their connection with the alleged brawl in a business place more than a week ago. The two officers later resigned.

Roush is understood to have told the mayor that he will not file an affidavit against the men, but that he would permit any member of the department to do so if he desired. The mayor says he will consider the matter insubordination on the part of the police officials if the affidavit is not filed.

## NOBILITY HIDDEN IN OHIO VILLAGE

Mrs. Quinn Connected With  
Greek and Polish Families

SISTER-IN-LAW OF COUNT

Husband Was Secretary to U. S.  
Consul

SPRINGFIELD, O.—(By Associated Press)—No one would suspect the glamor of old world affairs to have a place in a quiet little home in a rustic Ohio village.

Its inhabitants are Mr. and Mrs. John Quinn, and Mrs. Quinn is connected with some of the proudest families of Poland and Greece.

A recent issue of an Athens, Greece, newspaper, falling into the hands of local Greeks, disclosed her identity. She is the daughter of Signor Vinyko de Gordava of Athens, a former commander in the Polish army, and now a man of public prominence in Greece.

Mrs. Quinn also is the sister-in-law of Prince Stanislaus Jablonowski of Jamborg, Poland, and a sister-in-law of Count Carl Potocki.

John Quinn formerly was secre-

tary to the American Consul McGlinchey at Athens, and later professor of Greek at the Capital University, Washington. He also held the chair of Greek at Duquesne University, Pittsburgh.

Mr. Quinn's health now is being recuperated in the kindly air of his native Clark-co, and he is happy among his roses, lilies, peonies and wonderful peonies.

Mrs. Quinn's brother-in-law, G. Papandreu, who, according to her, is so popular with the people of Greece that he is being considered seriously as the next premier, is in prison at present, the result of a newspaper article written by him. In the article, he said that the people loved their king, and that was why almost 90 per cent of them voted to bring him back, but if the king loved his people as they love him, he would abdicate and save his country financially. "Greece," he said, "has no friends since the king is back."

Then there are two brothers, Stanislaus and Kasimir Mineyko, who are still in the war, and Mrs. Quinn has not heard anything from them in weeks.

Mrs. Quinn's father, was an officer in the Polish army when the country first attempted to get its freedom, and failed. He was once exiled to Siberia, and walked back to Petrograd, taking six months to make the journey, according to the daughter. Mr. Quinn met his wife, while he was acting as the United States consul's secretary. They have one son, aged 18 years, who resides with them.

## GOOD FRUIT CROP DESPITE COLD

Early Freezes Did Not Kill All  
Blossoms

COLUMBUS — (By Associated Press)—A few varieties of apples in central and southern Ohio will have partial crops in spite of the severe April freezes. It is said by experts of the agricultural college extension service of Ohio State University, Rome Beauty now show a prospect of a 10 to 20 per cent crop. Considering the number of trees of this variety, it will head the list in production this year for Southern Ohio, a bulletin from the extension department said.

Other varieties now carrying a prospect for a partial crop in this section are Maiden Blush, Northern Spy, Grimes Golden, Yellow Transparent, Smith Cider and Rambo, according to the bulletin.

North of the central part of the state, the prospect for apples improves, owing to the fact that the blossoms were not so far advanced during freezes in April, and the cold weather that followed, it was said. From present indications, peaches and grapes will be found in quantities only along the shore of Lake Erie, only along the shore of Lake Erie, by the influence of the lake. Cherries, pears, and plums are nearly a complete failure over the entire state, the bulletin said.

BROUGHT FLOCK OF CHICKS

HAVERHILL, Mass.—Chickens, the feathered variety, ended the happy married life of Joseph Parquette and his wife according to a separation suit brought by the latter. Mrs. Parquette charges that her husband brought a flock of chickens to live in their home, promising to erect another domicile, which failed to materialize.

It bothered her most at night and she would cough until she vomited. I think she must have had whooping cough. I saw an advertisement for Foley's Honey and Tar. I tried it and bought two bottles, and her cough left her before she finished the second bottle. She had gotten awfully thin, but now she is as fat as ever."—Chas. J. ## COUNCIL EVADES C. OF C. PLAN

Clearing of Channel of River Unsettled Problem

### MAKE FUEL FROM GARBAGE

City to Borrow \$21,000 for Current Expenses

Council side-stepped direct action Monday night when recommendation of the Chamber of Commerce for cleaning the old channel and blasting an outlet below the C. & E. bridge came before that body. City Engineer Vaughn Miller was instructed to co-operate with the sewer, water and finance committees in preparing a report.

A. M. Botkins and three others told council cleaning the old channel would in their opinion afford the city relief from odors and possible pestilence.

Since first announcing its purpose some days ago, the committee has made further investigations. As a result, they told council the job will not prove so expensive as at first estimated. The barriers at the C. & E. bridge, it was stated, can be remedied by blasting out the river bed in several places, at slight expense.

Dumping of refuse oil and grease in sewers will be prohibited in the future. Councilman Ellis Jones stated that oil was being dumped into sewers and it would ruin the disposal plant, engineers had told him.

### GARBAGE FUEL PLAN

Proposition of the Michigan-Ohio Fuel company, offering to take over garbage collection was referred to safety and finance committees. C. J. Eisenman, vice-president, told council that his concern will gather all combustible refuse in the city and turn it into fuel. They will establish a system of collection. Either the city or the residents may pay the cost. Refuse will be collected twice each week in summer and once a week in winter. Charge for collection, he said, will be from 50 to 65 cents a month. The housewife may throw tin cans, bottles, or about anything she pleases in the garbage. Broken glass is barred.

The concern makes fuel from refuse and will sell its product at less than the cost of hard coal. The fuel leaves a fine ash, more valuable than manure as a fertilizer, they claim. A representative of the Troy Wagon company presented the merits of wagons made by the concern for collection of refuse. The safety and finance committees will investigate.

Council voted to separate the wage scale and salary ordinance and passed new legislation to cover the same. Pay of firemen, police and pumping station workers will be continued at the present rate from July 1 to January 1.

Salary of the chief sewer engineer was raised from \$300 to \$350 and pumping station superintendent will receive \$200 monthly hereafter, instead of \$150. Surveyors in the engineering department will now receive \$5.50 daily.

### MUST BORROW MONEY

Certificates of indebtedness amounting to \$21,000 to cover for general safety and service departments, were issued. The money will meet expenses until funds derived from sale of \$54,000 deficiency bonds is available.

Legislation was ordered prepared to provide for appropriation of \$500 for additional sewer in Lincoln park as ordered by health board. Appropriation of \$5,000 for sidewalk construction asked by Service Director McClain referred to finance committee after a wordy debate.

Pavements were ordered constructed in High-st west to Baxter and North-st to Woodlawn. Service Director was instructed to proceed with repair in Elm and North-sts. Pediton to pave E. Third-st to St. Johns-ave, a short distance east was granted.

Several ideas for a comfort station and transfer station in public square were shown council. They were referred to the judiciary committee, after council had demanded to know why regular blue-prints had not been prepared. They were informed the city has no money for the purpose.

## "LEARN TO SWIM WEEK" PLANNED

A city-wide swimming campaign will be started at the Y. M. C. A. June 13th, to teach every boy in Lima to swim. The lessons are free to any boy between the ages of 12 and 16 years inclusive, who means business and really desires to acquire a knowledge of the art of swimming.

Each boy must register in advance at the Y. M. C. A. and report only when assigned. A minimum of three lessons will be given to each boy. Application cards will be given to many of the boys in the various schools and Superintendent Collins has sent out general announcements to the different schools regarding the swimming campaign. Any boy who does not receive an application card may have one by applying at the Y. M. C. A. this week.

The slogan of the campaign is "Every Lima Boy a Swimmer."

## COUNCIL RUSHES GAS MEASURE TO READING

Council, Monday night, placed on its first reading the proposed gas ordinance recommended by the franchise and judiciary committee of that body, without debate.

The Chamber of Commerce gas committee, realizing that the terms

of the franchise ordinance are impossible of acceptance by the gas company, has been urging holding up of the measure until an understanding can be arrived at, which will insure the passage of a measure satisfactory to the city and the company.

## WIFE BEATING IS CHARGE FILED

Delinquent Man Found Guilty and Placed Under Bond

DELPHOS — (Special) — Edward Hickman was arrested here Sunday on a warrant issued from Squire Blais court on complaint of Mrs. Mary Hickman, his wife. She accused him of beating her and stated she feared further and worse violence on his part.

He was given a hearing before Squire Blais, was found guilty and bound over to the court on a peace bond of \$500. He was released Sunday evening when he furnished the required bond.

Henry A. Laugel was elected president of the Chamber of Commerce here. Other officers are: Alex J. Shank, vice-president; Otto G. Wegner, secretary; Edward A. King, treasurer; Arthur O. Wulhorst, secretary; Jacob H. Marks, secretary; D. Buckel and Thomas A. Williams, members of the board of directors. They will serve for one year, going into office July 1.

Six automobile tires were stolen Sunday night when the Kohn garage at Glenmont was broken into by thieves. Entrance was gained by forcing a rear window of the building.

An order was received Sunday from the headquarters of the Clover Leaf R. R. which calls for the laying off of twenty-seven additional men, the order to become effective on Friday of this week. Rumors current among the men say that fifty percent of the shop workers here will be laid off within a few weeks.

Mr. and Mrs. Ferd Laugel approached the altar at St. Johns church here Monday, where they exchanged the vows made by them fifty years ago. Rev. Frederick Ruerter celebrated a nuptial high mass. The aged couple were married by Rev. Father Hoeftel, 50 years ago. They are the parents of ten children, four of whom are deceased. Five sons and one daughter, twenty-seven grandchildren and twelve great-grandchildren were privileged to take part in the celebration of the golden wedding of the aged couple. A hundred and sixty-five friends and relatives participated.

Medals in the English contest conducted by the Knights of Columbus here were awarded to the high school pupils at Ottoville at the commencement exercises which were held Sunday night. The winner of the Junior-Senior medal was Amedeo Friemuth, and of the Freshman-Sophomore, Donata Wannamacher. Other prizes were awarded.

## FARMER, 45, ELUDES POSSE, BLOODHOUNDS

DEFIANCE, O. — Having eluded a posse headed by Sheriff Hughes of Paulding, and a bloodhound, Washington Hopkins, 45, farmer of near defiance, is still a fugitive. He is said to have shot J. C. Byers, a neighbor thru the foot with a revolver.

He is alleged to have pulled the trigger with the gun pointed at Byers' head, but when the shot failed he lowered the gun and the cartridge exploded the bullet passing thru Byers' foot. Hopkins was followed as far as Grover Hill, 15 miles from his home.

ANCIENT ARTICLE "Water!" shouted the frate guest. "What kind of a steak do you call this?"

"That is a rare steak, sir," replied the negro with a polite bow. "In fact a very rare steak."

"Hm! A rare antique, eh? Why don't you present it to some museum?"

AKRON — Frank Bentz, 14, and Edward Mamuck, 9, were drowned while fishing in East Akron. Bentz attempted to rescue Mamuck, who fell into the stream.

The fourth annual sale of the Western Ohio Hereford Cattle association, held here Monday, totaled \$18,415. Fifty-five head were offered, the average price per head being \$353. Preceding this sale J. V. Hill of Roundhead sold 65 head for an average of \$355.

At the next meeting of the board of elections of Auglaize-co on June 21, voting precincts in which 400 or more votes were cast in the last election will be divided. They are the first ward in Wapakoneta and Duchouquet, Clay and Union-tps.

A party of interested St. Mary's persons who were in Columbus to induce State Highway Commission-

er Leon Herrick to change the type of construction on the St. Mary-Corliss road from concrete to macadam, was unsuccessful. The road will be built of concrete by the Republic Asphalt Co. of Dayton.

The building boom here is assuming genuine proportions. Four new residences are under roof and at least a half dozen will be started soon by two local home building companies.

Squire W. H. Swift of St. Marys was the first person to file his declaration of candidacy with O. W. Langhorst, clerk of the board of elections. He is a candidate for the mayorality of St. Marys.

## SHELDON LEWIS IN "THE TWO ORPHANS"

### REVIEWER FINDS "EAST LYNNE" ISN'T-NEWS OF THE MOVIES

(By ESTHER WAGNER)

SHELDON Lewis, who has been appearing in vaudeville for the past season with his beautiful wife, Virginia Pearson, has signed a contract with D. W. Griffith to play the part of Jacques in the forthcoming production, "The Two Orphans."

The announcement that Mr. Lewis is the chosen one ends a search of over six weeks, every member of the Griffith staff having been employed in looking for a suitable character for the role of Jacques. Perhaps never before have so many persons been "tried out" for a part, the number being near seventy at the end of the third week.

To enable him to accept the contract, it was necessary for Mr. Lewis to cancel his booking over the vaudeville circuit, where it was recognized as one of the highest paid vaudeville acts of the season.

Work in "The Two Orphans" will be started as soon as the supporting cast can be assembled.

#### "EAST LYNNE" IS SPLENDID, BUT IT ISN'T "EAST LYNNE"

THE only thing in the world that's the matter with this picture is—it isn't "East Lynne." That is, it isn't the beloved, sentimental, melodramatic old English story that five generations more or less, have fondly clung to. I rather doubt if Mrs. Henry Wood, who wrote the tale, would recognize her child.

So "East Lynne" the picture may be a disappointment to those who have read the book and seen the play back in the good old days. But looking at the production just as a production—anybody will be compelled to admit it is a gem.

Whoever adapted the book evidently took a hurried glance at its pages, just to get the main idea. The characters are the same, but the producers have made the clothes and sets right up to date, omitting the old-fashioned wording in the subtitles. Result—East Lynne? Not at all, but a whacking good picture, just the same!

Never has any woman on any screen done better and more impressive work than Mabel Ballin, who, as the beautiful and unhappy wife, flees in the night with the smooth and sinister Mr. Levison, because she believes her husband loves another. Here's an actress who has an astounding sense of dramatic values. She'll fascinate you!

Edward Earle plays the part of the adoring and deserted young husband with remarkable finesse. Mr. Sell's villainous Levison is a splendid portrayal. Only your excellent self-control keeps you from loudly applauding when the jury finds him guilty of a crime that has been laid at the door of the stupid but innocent Richard Hare (appealingly portrayed by young Gilbert Rooney). Miss Gladys Coburn, as the sister, is pretty good, too.

So, you see—you have fine actors, beautiful sets and scenery, not to mention some good photography. That's "East Lynne" the picture. Think you'll like it? At the Lyric.

#### LONGER SKIRTS IN MOVIES NOW, IS REPORT

MOVIE makers have to keep a wary eye on changes in fashions. A picture is usually photographed six months before it is exhibited and the costumes must be ahead of the style to keep up with it. Sophie Wachner, head of the Goldwyn costume department, is

tures when a closeup of the star's feet is required. But the chances are the star hasn't pretty feet. Then they call in Julia Faye.

"Oh, well," says the star for whose feet she substitutes, "we can't have everything, you know."

#### LILA CAN NOW PROVE THAT SHE ISN'T ENGAGED

NOW that Betty Ross Clarke is about to be married to Lieutenant Arthur Collins, Lila Lee hopes the rumor will die out that she is to marry Captain Collins, whom she has never met. Lila isn't

#### FROM MAY TO OSTROVSKA IS SOME CHANGE!

EVERY woman has a perfect right to change her mind and every girl her name, for one or two reasons—marriage or the stage. But it isn't often that you find an actress, well known under her stage name, reverting to her baptismal name. However, Miss Marian May has decided to be Marian henceforth, professionally, not as "Marian May" but under her own name of "Nadja Ostrovska."

Nadja Ostrovska is, as her name denotes, of Russian parentage. After appearing in several Italian stage productions, Miss Ostrovska visited London and was engaged by the London Paramount company for the production of "The Mystery Road," in which she plays the leading role. The story is one of E. Phillips Oppenheim's.

#### MEET ANITA STEWART AND HER PET DOGGIE, NAMED "KING CASEY"

For the first time in several years, Anita Stewart's pet dog, a blooded English bull named King Casey, was drafted into screen service during the making of the star's latest picture, "The Price of Happiness." Edwin Carewe, the director, saw a change to put some sympathetic bits into the picture by using the dog, so old Casey licked his chops for make-up and waddled out before the camera as a full-fledged actor.

In order to use the dog, however, Mr. Carewe had to enlist the aid of Rudolph W. B. Cameron, Miss Stewart's husband and the business manager of her company. The star could not tell King Casey what to do without breaking up her own scenes, so Mr. Cameron was induced to leave his desk for several days to direct the animal on the stage.

Trickery is the most effective method for getting animals to do stunts in pictures. Mr. Cameron wanted King Casey to enter a room where Miss Stewart was sitting at a desk, approach her and rub his face against her hand which rested at her side. This was accomplished by the simple expedient of having the dog find a piece of candy in her hand on the first two rehearsals of the action. When the final scene was made, King Casey trotted up to the star, rubbed his lips affectionately against her hand, found no candy and then stepped back and looked at her inquiringly. The effect was perfect.

WHAT THEY'RE DOING: William Farnum is motoring thru Switzerland. He will return home shortly. Lee Moran, now that the Universal co-stars of Lyons and Moran are no longer partners, is stepping out as an individual comedy star. His first picture will be "H. C. Warner's story, 'Robinson's Trousseau'."

It is reported Priscilla Bonner is to marry Allen Weyman, director

Anita Stewart and her pet dog, King Casey.

Mona Lisa is engaged to wicked Wallace Beery.

There's a reported break in the E. Mason Hopper family. Hopper is a Goldwyn director. He is being sued by his wife for a divorce, custody of their three-year-old daughter, and alimony. The case is not settled.

Betty Hilburn is married to Arthur Worth.

## MISS CHRISTEN'S DAILY PAGE OF CHAT AND SOCIETY EVENTS

THIS SILK SUIT HAS CAPE COAT

BY ELOISE.

Silk suits are becoming more popular with every warm day. Pretty crepes, soft sports silks, meteors, pussy willows and Canton crepes are being made up into any number of delightful summer models in all the most beautiful colors. A favored style is a long blouse of some brilliant shade fastened right onto the suit skirt at the hip line and then a coat made on the new long, straight line idea. Or perhaps there is only a vestee and no blouse, and then one wears the coat no matter what the occasion or the weather.

Pictured here is one of these new silk suits which has had the happy idea of using an jacket on cape lines. It is made of pearl gray silk with a one-piece frock, over which is worn the charming short cape with its jacket front. A deep border on the skirt is made of self-embroidery and cording faintly outlined in black and the embroidery is repeated on the cape edge, jacket front and collar.

A pretty picture hat of jade green trimmed with flowers and ribbon completes the outfit, which may grace any occasion of the summer months.

## CARRY YOUR PET IN A KITTY KIT

Helen Darling and her kitty kit.

The latest novelty in women's handbags is the kitty kit. It is a knitted affair which may be used as a purse when kitty remains at home, but is used in the fashion pictured when kitty travels along. Miss Darling introduced the new style because her apartment is one of the exclusive kind which bars all pets, and Miss Darling fools them by carrying her cat to and from the apartment in the bag. Kitty puts its head in when going past the janitor.

## UNFAITHFUL SEES MISTAKE

By SUSIE SMART

Husband Is Forgiven by His Wife

"Other Woman in Case Nearly Drives Me Crazy," Wife Says

"Disgusted" Apparently Doesn't Think Much of Modern Girl

**F**OR SEVERAL months my husband went around with a woman who didn't live so far from us. He afterwards saw his great mistake and I forgave him. I know he no longer cares for this woman, but she nearly drives me crazy. I know she feels that she has defeated me and she does everything in her power to humiliate me. It nearly drives me crazy and I don't know what to do.

**D**o not permit this woman to make your life miserable. She has not triumphed over you. Instead, you are the fortunate one and the one who won in the end. You revealed your womanly characteristics when you forgave your husband, retained your love for him and placed your confidence in him. She only cheapened herself and disclosed a great inferiority when she accepted the attentions of a married man.

Doubtless, she realizes her mistake and is embarrassed and humiliated. Most probably, her manner and actions toward you are nothing more than attempts to cover her chagrin.

In the future refuse to be disturbed by this woman. Ignore her in every way. Show by your poise and dignity that your husband's love for you will always remain true and that this woman has no power to annoy you.

**Dear Miss Smart:**  
Will you kindly tell me what is wrong with the girls these days? They don't seem to care what they do, how they look and I have scarcely found any one of whom I could be very proud. Why aren't they like they used to be? I am thoroughly disgusted with them. The majority of them don't seem to have much sense.

**DISGUSTED**  
Well, indeed, "disgusted" you certainly are possessed with an exceedingly critical nature, to say the least. I am afraid yours will be a very tiresome and unhappy life if you continue to be such a pessimist. Perhaps you have never tried to find something splendid and virtuous in the girls of today, instead of continually looking for something critical. Don't always be looking for imperfections and failings. Of course, some of the girls of today aren't exactly what they should be, but did you ever stop to think that the majority of boys and men are not faultless? They, too, have their defects and plenty of them.

In the future try to change your viewpoint of life. There are many fine, splendid girls. Remember, it is a fine thing to look for the soul back of the painted face.

**Dear Miss Smart:**  
I am a girl 16 years old. Do you think I am too young to start going with the boys? I have been going riding and having a caller every Sunday and Thursday nights. I want to go to a party and another boy gave me a lovely box of candy.

Arthur, aged 8, son of Adjutant Dunlecker of the Salvation Army, fishing at the city water works reservoir Tuesday morning, landed a 14-pound carp.

# MR. BILLINGS SPENDS HIS DIME

(By DANA BURNETT.)

Mr. Billings felt a little shiver as he saw the woman. "Well," he said, "a woman's name is Billings."

"I will tell you the story of the beginning. In Santiago, Chile, there lives a certain woman named Susana. She is a Spanish gentlewoman, a descendant of Castilian nobility whose father was an American adventurer. From her mother, she inherited great beauty and from her father she inherited a bold and fearless desire and a keen sense for meddling in the affairs of the world."

"It is best, senior, that we do not see each other again. You understand?"

"I understand," said Mr. Billings. "If you want me," he added, "you can reach me at the Hotel Miramar. I shall be stopping there."

"Esta muy bien! Go with God, senior."

Mr. Billings went. Turning to walk down the ship's corridor he almost collided with his roommate, Mr. Brown.

"Hello!" said the latter. "Feeling better?"

Mr. Billings replied in the affirmative. Brown suggested that they repair to the smoking-room for lemonade and cigars.

They found a comfortable corner in the smoking room and were soon chatting over their refreshment. "I use to know a family named Billings in Chicago," said Mr. Brown reminiscingly. "Could it be that you—"

"No," said Mr. Billings, sipping

his drink. "My people came from Brooklyn. My father was John Percival Billings, the lawyer. He was at one time third assistant district attorney in the county of Queens. I am for him."

"Is your home in Chicago?" Mr. Billings asked a moment later.

Mr. Brown gave a short laugh. "I have no home. I belong to the genus globe-trotter. Unfortunately for me, my income is limited. I have only enough to travel, not enough to settle down and pay present-day rentals."

Rents are rather high nowadays," said Mr. Billings, blowing a smoke-cloud.

After some further talk—which pertained chiefly to Mr. Billings and to Mr. Billings' ancestry—the two men retired to their cabin for the night.

Two days later, at four o'clock in the afternoon, the steamship Isabella moved slowly and majestically into the harbor of Santiago.

# A WIFE IN THE MAKING

By PHYLIS PHILLIPS

One of the things that Cherry discovered during the first weeks of her arrival in Wellsburg was just how important a man and citizen her husband was. In Chicago, where vast spaces and myriad people are apt to swallow even the most brilliant, and where, in her own sphere Cherry had been quite important herself, Edward had seemed like a fine fellow, to be sure, but not by any manner of means a magnet, or even a very important man. Furthermore, he had been more than pleased to be taken up by Cherry, the popular and her various friends, at that time. Everything had centered about her, and to her amazement the young wife found that in Wellsburg she was just Edward Randall's wife, gladly welcomed by all, but nevertheless not a special personality herself. In the eyes of the townspeople, to be perfectly plain, she was accepted as a minor half.

As this fact dawned upon her slowly, she was first of all bewildered, then slightly amused, and finally irritated. After all, she had done things before her marriage, and even looked up to by the community in which she lived and had been being. How more than absurd, then, to suddenly find oneself merely an appendage to the great.

There came an evening when she faced her lord and master concerning this state of affairs. Cherry had had a hard day of doing nothing but trying to keep out of everybody's way in the house, and she was feeling blue by the time that Edward appeared.

"Neddy," she said, looking up into his eyes, as he stood balancing a clean collar in his hands, "Neddy, just what is the status of a wife here in Wellsburg, dear?"

"The status of a wife?" God gracious, lady-bird, what on earth makes you ask such a question—and before dinner?" he answered with indulgent smile.

Cherry was very quiet for a minute. She was wondering to herself where the Ned of other days had gone, and why. He was being light with her, as so many of the husbands in Wellsburg were to

their wives. He was putting her off.

"What on earth makes me ask such a question?" she finally answered. "Only the fact that I am bewildered, sometimes by the change in you, Neddy, since we left Honeymoon Hill and came here. Then the fact that I don't seem to have any husband of my own any more, not in any way. During the day you are at the bank and call of the Wellsburg citizens, and at night you seem to belong exclusively to your mother. After all, well, I get what is left, and you know how little that is. You are tired, mentally and physically, and ready to turn into bed without further conversation with me. I am depressed. I feel stifled by all the outside influences, somehow. I feel like a stagnant pool. Tell me if I am wrong about this or if it is maybe my imagination or something, dear."

"Cherry, girl, if you'll just let me get this blooming collar put on and get my dinner inside of me I'll talk to you afterwards as long as you want," he answered, still jocular.

And Cherry sighed, as she left their room.

Mrs. Williams Tells How Lydia E. Pinkham's Vegetable Compound Kept Her in Health

Overpeck, O.—"Lydia E. Pinkham's Vegetable Compound helped me both before and after my baby was born. I suffered with backache, headache, was generally run down and weak. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers and decided to try it. Now I feel fine, take care of my two boys and do my own work."

I recommend your medicine to anyone who is ailing. You may publish my testimony if you think it will help others."

Mrs. CARRIE WILLIAMS, Overpeck, Ohio.

For more than forty years Lydia E. Pinkham's Vegetable Compound has been restoring women to health who suffered from irregularities, displacements, backaches, headaches, bearing-down pains, nervousness or "the blues." Today there is hardly a town or hamlet in the United States wherein some woman does not reside who has been made well by it. That is why Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for such ailments.

# Side By Side Stand Two Letters Which Tell a Story of Interest To Every Citizen of Lima

Permanent relief is promised from gas in stomach, constipation, nervousness and backache through use of Dreco, the Ideal Tonic.

Of interest to every citizen of this city and vicinity are the following letters which were written nearly two years apart, proving without doubt that stomach trouble can be permanently relieved. They are from Mrs. J. J. Morrison, 916 St. Johns St., Lima, Ohio. Carefully note the dates.

Lima, Ohio,  
Aug. 2nd, 1919.

"No one knows how I have been suffering from stomach trouble and other ails which go along with it. I couldn't eat many things I wanted, because I knew I'd have that awful gas bloating me up. My bowels were constipated all the time so that I had to take medicine every night to move them. I became nervous and sleep was almost out of the question. My back ached terribly and I was getting very weak. I took Dreco and it is remarkable how I have improved. Why I can eat most anything I want, my bowels move free and easy, never have a backache and my sleep is sound and refreshing. Dreco has done its work faithfully for me."

Lima, Ohio,  
May 28th, 1921.

"I have recommended Dreco to many people since it relieved me nearly two years ago. Dreco surely did me a lot of good and I haven't been bothered since. My stomach trouble passed off and never came back, neither did the constipation or backache. That was the best money I ever spent on myself!"

Dreco relieves constipation, rouses a lazy liver, strengthens weak kidneys, aids the stomach to digest the food and rebuilds run-down weakened systems in old or young. It is pleasant to take and prompt in action.

Mr. Day, the well known Dreco expert, has headquarters at Hunter's Drug Store, 49 Public Square, to meet the local public and explain the merits of this great remedy. See him today.—Adv.

# BOB MARTIN CAN'T SHOW HERE UNTIL JULY

## A.E.F. CHAMPION HAS INJURED KNUCKLE—LIONS MEET ROTARY CLUB—WHAT'S DOING IN TRAINING CAMPS

Because of an injured hand sustained in his recent fight with Gunboat Smith, Bob Martin, heavyweight champion of the A. E. F., and aspirant for world's heavyweight honors, will be unable to show before Lima the middle of the present month as announced some days ago. Instead, Martin will probably be brought here to meet a logical opponent about the middle of July.

Information to this effect was contained in a letter received Monday by Warren McLaughlin, prominent sportsman, of this city, thru whose efforts Martin will be brought here. The letter received by McLaughlin was from Jimmy Bronson, manager of Martin.

During his recent battle with Smith, Martin cracked a knuckle on his right hand. The injury, thought at first not serious, is of an extremely serious nature, it later developed, Bronson says. The knuckle, however, will not be allowed to interfere with Martin's training.

Following Martin's battle with Roper, he will meet Frank Moran in New York City, July 1. Besides this fight, he is under contract to meet two other fighters in Gotham. Bronson believes that Martin will be able to fill a local engagement about the middle of July.

Just who his opponent here will be has not been decided, but several good fighters have been mentioned. McLaughlin is taking his time in deciding upon Martin's opponent, as he is making every effort to give Lima fight fans the very best card obtainable.

As stated before the fact, that McLaughlin is a good friend of Bronson is responsible for getting Martin in Lima. As compared with other purses being received by the heavyweight, the purse asked for here is decidedly low. Yet, even at that it is so high that it will be necessary to draw a large crowd.

## Leonard Wins Over R. Kansas

NEWARK, N. J. — Benny Leonard defended his title of lightweight champion of the world in a 12 round bout here Monday night at the Newark baseball club's park, his opponent being Rocky Kansas of Buffalo.

Under the New Jersey law no decision by the referee is allowed, but in the opinion of the majority of experts around the ring, Leonard cleverly outpointed his opponent.

There were very few hard telling blows and Leonard had nearly all of these to his credit. Kansas was inclined to be the aggressor most of the time, but this was counterbalanced by the champion's cleverness.

The Buffalo boy's best round was the fourth in which he had the upper hand mainly thru his aggressive tactics.

CHAMP WAS POPULAR

Leonard was popular favorite in the betting on the result but Kansas had a number of backers who bet 2 to 1 that their man would survive the 12 rounds period.

A crowd estimated by the management at 30,000 was seated in the Newark International League baseball park when the first preliminary bout was started. There were two minor bouts of four and six rounds and then Sam Stoeckert, of New York, former national amateur lightweight champion, mixed it up for eight rounds with Bert Spencer, of Brooklyn. Altho no decisions are allowed under the New Jersey law, sportswriters at the ringside picked Mosberg as an easy winner.

TEXAN IS BEATEN

Later of Scranton defeated Bud Logan of San Antonio, Texas, in another eight round bout.

Benny Valger of New York, outpointed Phil Logan of Jamestown, N. Y., in the semi-final bout of eight rounds.

Just before the principals entered the ring it was announced that they had weighed in at 9:15 o'clock. Leonard weighed 136, and Kansas 134.

Danny Sullivan of Jersey City was announced as the referee. Kansas entered the ring at 11 o'clock and Leonard three minutes later.

Originally, Kalemantiano was sentenced to be shot, Cooper heard, but later this was commuted to 20 years imprisonment and at last accounts the sentence had been reduced to five years. Kalemantiano claims that he went to Russia strictly in connection with business.

**WARSAW** — (By Associated Press) — The plight of seven Americans, one of them a woman, held by the Bolsheviks in prisons on various charges, is worse today than at any time since they were taken into custody. In the opinion of Captain Merion C. Cooper, of Jacksonville, Fla., who escaped recently from one of the camps near Moscow, Captain Cooper at the time of his capture was commander of the Kosulsko air squadron of the Polish army.

Life in a Bolshevik prison camp is a matter of physical endurance as to the length of time one is able to hold out it compelled to live upon the food furnished by the Soviets, Captain Cooper said. All of the Americans would have died long ago, Cooper believes, if it hadn't been for outside aid from time to time.

**AVERAGE RATIONS**

The food ration of the average camp follows:

Morning—Imitation coffee, half pound black bread, spoonful sugar.

Noon—Two spoonfuls cooked mush made of cereal resembling birdseed.

Night—Cup of hot soup. A small amount of potatoes and a piece of meat usually not larger than an egg were served on an average of about twice a month.

Mrs. Marguerite E. Harrison, of Baltimore, a writer, arrested nearly two years ago, is in the prison where foreigners under investigation by the extraordinary commission are held. Conditions in this place are said by the prisoners to be the worst of any prison in all Russia.

Estey (unidentified) and William Pick, moving picture operators, were in the same prison near Moscow where Mrs. Harrison is confined.

Thomas Hazelwood of San Francisco, a United States soldier, captured in Siberia, was in a prison hospital. Hazelwood has never been sentenced as he has been under medical treatment most of the time for

**MRS. STILLMAN'S PLEA GRANTED**

Time to Amend Answer to Husband's Complaint Given

**NEW ROCHELLE, N. Y.** — (By Associated Press) — Supreme Court Justice Keogh today, limited until June 14, the stay which he granted yesterday in the Stillman divorce case.

At the same time he gave counsel for Mrs. Anne U. Stillman permission to file an amended answer to her banker husband's complaint charging her with infidelity. Defense counsel had announced yesterday that if this permission were received, a woman known only as Clara would be named as an additional co-respondent.

In her original answer Mrs. Stillman named only Miss Florence A. Leeds, an ex-chorus girl.

The stay was obtained yesterday after John F. Brennan, of Yonkers,

**Have You Piles?**

Then You Have Something to Learn.

Thousands who have piles have not learned that quick and permanent relief can only be accomplished with internal medicine. Neither cutting nor any amount of treating with ointments and suppositories will remove the cause.

Bad circulation causes piles. There is a complete stagnation of blood in the lower bowel, and a weakening of the parts. Dr. J. S. Leonard was first to find the remedy. His prescription is HEM-ROID, a tablet medicine taken internally, that is now sold by druggists generally. Dr. Leonard tried it in 1906 cases with the marvelous record of success in 98 per cent and then declared it should be sold under a rigid money-back guarantee.

Don't waste any more time with outside applications. Get a package of HEM-ROID from Thompson's 3 Drug Stores today. It has given aid and lasting relief to thousands of people and should do the same for you—it seldom fails.—Adv.

## MUTT AND JEFF—MUTT'LL HAVE TO WAIT A LONG SPELL FOR THIS TOUCH—

## SHORT SHAVINGS

"Good advertising," says a man well up in that line, "benefits any form of business. The right sort of advertising gives you a friendly

feeling toward a firm. It makes you believe that it will be both pleasant and profitable to deal with the advertiser. A certain grocer once inserted in the newspapers an advertisement that had this merit. It ran:

"Twice as come to me for the third time. This time a boy and a girl. I beseech my friends to support me stoutly."

Sir Herbert Tree, the English actor, was once buttonholed in the corridor of the theater by a bore whom he particularly wanted to avoid. The actor was in the make-up of Caliban at the time.

"Surely you know me, Sir Herbert?" said the bore.

"I don't think so," replied the actor.

"I'm Mr. So-and-So," persisted the other. "I was introduced to you a few days ago."

"I'm so sorry," replied Tree. "I did not recognize you in my make-up."

"Divide a bit do I believe the messages these mediums are after getting from the dead," declared Dugan. "Ye can't be tellin' whether they're true or not."

"More fool ye. Ye can and I can

prove it," contradicted Monahan. "By mistake I was reported killed entirely in the war, and one day me sister went to a medium who told her I was wishin' I was back on earth. And at that very time I was on a transport in a high sea, d'ye mind?"

"More fool ye. Ye can and I can

The  
U. S. ROYAL CORD

A famous tire—a famous tread. Acknowledged among motorists and dealers alike as the world's foremost example of Cord tire building. Always delivering the same repeated economy, tire after tire, and season after season. The stripe around the side-walls is registered as a trademark in the U. S. Patent Office.

Big discounts befuddle  
no one except  
the man who talks them

MOST of the retail successes that we are proudest of in this country have been built up on the best standard merchandise at a fair price.

Today the truth of experience is making itself felt in the tire trade as in everything else.

The quality instinct in the American public is bearing weight.

As it always does.

On May 1st, 1921, there were 36% more dealers selling United States Royal Cord Tires than a year ago.

There might be a number of reasons why. Reputation. De-

mand. Quality. Square-dealing. Stable policy.

All these count of course. But of greater importance just now is the dealers' repudiation of "discount" methods of doing business.

These men are reading the public mind. They are no longer willing merely to sell "discounts"—"so much off on this tire, so much off on that."

They are selling a tire service—a tangible, par quality tire at a net price

that more often than not delivers in excess of what is charged for it.

The leadership of the U. S. Royal Cord Tire cannot be explained on its physical qualities alone.

You cannot separate it from the policy behind it.

A policy insistent on quality first—on sound merchandising as against temporary appeal—on a reality of tire worth instead of an unreality of discount talk.

The outstanding reason, perhaps, why so many thousands of car owners measure all other tires by U. S. Royal Cords as the standard tire to go by.
